Memphis Unicycle Club

The Memphis Unicycle Club is an informal group of Memphis area unicycling enthusiasts who ride unicycles for fun, fellowship and fitness.

There is much more to unicycling than just riding around. Unicycling includes:

- Freestyle – challenging movement skills usually indoors on a 20-inch wheel,
- Trials – riding on man made obstacles such as stairs and ramps indoors or outdoors,
- MUni – riding on bicycle trails in the woods or other outdoor natural obstacles,
- Distance – going the distance on a large wheeled (up to 36 inches) unicycle.

You might learn to idle, ride backwards, ride one-footed, hop, spin, walk-the-wheel, coast or much more. You can test your abilities using the Unicycling Society of America's "10 Skill Levels of Unicycling".

There is no cost to become a member of the Memphis Unicycle Club. However, members are encouraged to join the Unicycling Society of America. Information about the Unicycling Society of America can be found online at www.unicyclingusa.org or by writing to:

Unicycling Society of America, Inc.
PO Box 530518
Livonia, MI 48153-0518

As with most sports and activities, unicycling presents risks of accident or personal injury. Members must agree to accept those risks and accept responsibility for any injuries they may incur. Members must agree to accept responsibility for any damages they may cause.

Members provide their own unicycle(s) and other riding equipment.

Safety equipment is recommended. Safety equipment includes but is not limited to helmets, wrist protectors and shin protectors. Members are responsible for providing their own safety equipment.
